BASED ON INTERNATIONAL SEARCH REPORT  
IN COUNTERPART PCT APPLICATION**

Sir:

Submitted herewith on Form PTO-1449 is a list of publications identified in the International Search Report in the counterpart PCT application. A copy of each publication is being submitted herewith.

The Search Report was mailed on October 19, 2000, and this Information Disclosure Statement is being submitted within three months of the mailing date of said Search Report, therefore, no fee is due.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached Form 1449.

This submission does not represent that a search has been made or that no better art exists. Nor does it constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claim in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

It is not believed that any fees are required. However, the Commissioner is authorized to credit any overpayment or charge any deficiencies to/from our Deposit Account, **No. 06-1448**.

Respectfully submitted,
